Lahore, Punjab, Pakistan | +92-3184154188 | [contact@daudsuleman.me](mailto:contact@daudsuleman.me) | <http://daudsuleman.me/>

I'm an experienced Angular developer with a strong passion for crafting seamless and user-friendly web applications. Over the past year, I've honed my skills in Angular development through hands-on experience in creating responsive and dynamic front-end solutions. I've been part of projects that required close collaboration with cross-functional teams, enabling me to adapt and thrive in fast-paced environments.

## EXPERIENCE

### November 2022 – Present

Frontend Developer | Stampa Solutions | Lahore, PK

I have developed responsive and user-friendly interfaces, implemented dynamic features and functionalities, and integrated with backend APIs. I have also used version control tools such as Git and collaborated with other developers in an agile environment. I am proficient in writing clean and maintainable code, following best practices and standards.

### August 2021 – Present

Freelancer | Upwork | remote

I have created and maintained several websites using WordPress themes and plugins, as well as customizing the code to meet the client's needs. I have also used HTML, CSS, JavaScript, and PHP to enhance the functionality and design of the websites. I am proficient in using WordPress tools such as Elementor, WooCommerce, and Yoast SEO. I am passionate about creating user-friendly and responsive websites that meet the latest web standards.

### March 2022 – November 2022

Business Developer | Stampa Solutions | Lahore PK

My experience as a Business Developer has taught me how to identify and pursue new opportunities, build and maintain relationships with clients and partners, and create and implement effective strategies to achieve the company's goals. I have also developed skills in communication, negotiation, problem-solving, and project management.
