Daud Suleman

Frontend Developer | Cloud Enthusiast | Angular

Address:	Lahore, Punjab, Pakistan
LinkedIn:	https://www.linkedin.com/in/daud--suleman/
GitHub:	https://github.com/daudawan380
Website:	https://daudsuleman.me/

- *Hello! My name is Daud, and I'm an experienced Angular developer with a strong passion for crafting seamless and user-friendly web applications. and I am a Cloud Enthusiast. Over the past year, I've honed my skills in Angular development through hands-on experience in creating responsive and dynamic front-end solutions. I've been part of projects that required close collaboration with cross-functional teams, enabling me to adapt and thrive in fast-paced environments.*

- *Here's a snapshot of what I bring to the table: - Proficiency in Angular, TypeScript, HTML, and CSS, Bootstrap, and WordPress. - Solid understanding of modern web development principles and best practices. - Experience with optimizing performance and enhancing user experiences. - Strong problem-solving skills and a track record of delivering high-quality code on time.*

EXPERIENCE

Stampa Solutions, Lahore
1 year 6 months

Frontend Developer
November 2022 - Present

- I have developed responsive and user-friendly interfaces, implemented dynamic features and functionalities, and integrated with backend APIs. I have also used version control tools such as Git and collaborated with other developers in an agile environment. I am proficient in writing clean and maintainable code, following best practices and standards.

Business Development Analyst
August 2022 - November 2022

- My experience as a Business Development Analyst has taught me how to identify and pursue new opportunities, build and maintain relationships with clients and partners, and create and implement effective strategies to achieve the company's goals.

Business Development Associate
March 2022 - August 2022

- As a Business Development Associate, I have developed and presented strategic proposals, business plans, and market analyses to grow our sales. My experience has taught me how to communicate effectively, negotiate confidently and manage projects efficiently.

Upwork
October 2020 - Present

Frontend Developer

- I have created and maintained several websites using HTML, CSS, JavaScript Angular, and WordPress. I am also providing custom software solutions which meet the client's needs. I have also used to enhance the functionality and design of the websites. I am proficient in using WordPress tools such as Elementor, WooCommerce, and Yoast SEO. I am passionate about creating user-friendly and responsive websites that meet the latest web standards.
